

School Plan for Student Achievement (SPSA)

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

What data did you use to form this goal? Local assessment data reveals an achievement gap for students who are socio-economically disadvantaged. This data is also supported by teacher observations.66

What were the findings from the analysis of this data? Socio-economically disadvantaged students require support in completing their homework to help to improve students' understanding of classroom curriculum, maximizing the achievement.66

How will the school evaluate the progress of this goal? Local assessments, staff, parent, and student surveys, as well as attendance logs.66

School Vision and Mission

School Vision:

Our vision for Rancho Las Positas Elementary School is to provide a safe and enriching learning environment where lifelong learning is promoted and everyone is encouraged to achieve their personal best. We believe education is an enjoyable and satisfying endeavor. We value our professional learning community with its engaging and nurturing atmosphere where all are respected.

Mission: Each student will graduate with the skills needed to contribute and thrive in a changing world.

School Profile

At Rancho Las Positas Elementary School, we are committed to providing a well-rounded education that prepares our students for success. Our community-driven approach ensures that every child is supported, and our dedication to excellence is unwavering. Together, we learn, grow, and serve.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

School Site Council (SSC) members reviewed draft versions of the School Plan and provided feedback. School data, schoolwide goals, resources, and their effectiveness were all taken into consideration throughout the process. Highlights of the SPSA were presented to our English Learner Advisory Committee (ELAC) group. Detailed information related to the English Language Development (ELD) Program implementation was shared and parents were given the opportunity to provide input. Ongoing broad community engagement is key to developing, implementing, and monitoring the School Plan for Student Achievement. Input and data analysis are facilitated through multiple measures, including surveys, formal meetings, and informal conferences with staff and parent/guardians throughout the year, including Leadership team meetings, staff meetings, School Site Council meetings, English Learner Advisory Committee meetings, Back-to-School Night and Parent Teacher Association (PTA) meetings.

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

- Every effort is made to avoid suspension, by keeping students in school so learning can continue. Parents/guardians are invited by teachers and administration to partner with us as a team in problem solving with challenging behaviors. Respectful, cooperative, and helpful behavior is recognized and showcased through assemblies, lunchtime announcements, Wednesday morning announcements, and classroom visits.

2. English Learner progress continues to be a need at Rancho with our Hispanic/LatinX students. Making daily 30 minute blocks of ELD time a priority among staff will continue to support our ELs.
3. Universal Access Literacy time has changes they way we do intervention. Teachers will use Wednesday PD to collaborate and share best practices.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

The overall strategies were implemented in 2022-2023.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The effectiveness is a mixed result. The mathematics goal was met, although the ELA goal was not. The "Writing Claim" data has not been released yet to assess.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

None.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

None.

Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
School Wide Information System Data (SWIS)	Goal is to reduce the number of behavior referrals each month from the prior month by 5%.	There was a total of 101 forms from the 22-23 school year with minor and major behaviors. They were entered into SWIS. LVJUSD is not longer using SWIS.
PowerSchool Attendance Data	Increase overall attendance rate to 97%.	Rancho Las Positas Elementary's attendance rate was 94.15% in 2022-2023.
FitnessGram	Increase the number of 5th graders scoring 5 or more on the Fitnessgram to 60%.	The California Fitnessgram has changed how they score. It is no longer scored by pass or fail, but by participation. Rancho has 100% participation from all 5th graders in 5 areas. They had 99% participation in one area.
PowerSchool Suspension Data	Maintain 2 or fewer suspension days in 2023 as measured by PowerSchool data.	Rancho Las Positas had no suspensions in 2023.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- N/A Secondary Students

Name of Members	Role
Dayna Taylor	Principal
Jacob Powers	Parent or Community Member
Kelly Fregoso	Parent or Community Member
Therese Maldonado	Classroom Teacher
Saghi Jafrakhani	Other School Staff
Jacqueline Taylor	Parent or Community Member
Sue Pierson	Classroom Teacher
Lucy Nguyen	Parent or Community Member
Adair Spence	Parent or Community Member
Alison Gomes	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 15, 2023.

Attested:

Principal, Dayna Taylor on 10/23/23

SSC Chairperson, Jacob Powers on 10/23/23

Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

Livermore Valley Joint Unified School District Technology Funding Plan – ALL SITES Technology Funds:

PROGRAM DESCRIPTION:

Rancho is working to maintain and enhance its current technology. Currently, each classroom has a teacher laptop, LCD/LED projector, and document camera. Some classrooms continue to have 1-2 thin client computers. We are in Phase 2 of replacing old projectors and document cameras, and plan that all classrooms will have LED projectors and new document cameras in their rooms by the end of the 2018 school year. Rancho received voice amplification systems installed in all classrooms May 2019. Rancho has 14 rolling carts with a total of 320 Chromebooks available for CAASPP testing. We are continuing to raise money to add more carts so that all students have access to the Chromebooks on a regular basis. As we increase the amount of Chromebooks we have, we are encouraging teachers to use Google Classroom and other programs and applications to enhance instruction for our students. Many classrooms have received iPads for student use through grants and donations.

Livermore Valley Joint Unified School District ENGLISH LANGUAGE DEVELOPMENT IMPLEMENTATION PLAN 2023-24

Elementary School Name: Rancho Las Positas Elementary Date September 22,2022 English Learner Liaison: Dayna Taylor

Designated ELD (D-ELD) is a protected time during the regular school day when teachers provide lessons for English Learners to develop English language proficiency. Teacher will use the CA ELD standards to develop critical English language skills. Lessons support the development of discourse practices, academic vocabulary, and grammatical structures that are necessary for participation in academic tasks across all content areas.

- Guidelines:
- **Benchmark Advance ELD** component must be used K-5
 - Focus on **ELD standards**, not a unit or theme
 - Small groups should be kept to a maximum of 6 students
 - 30 minutes of **Designated ELD** instruction per day (5 days a week)
 - May be scheduled during reading and writing block (15 minutes/level)
 - Students grouped by levels, For example: 1/2, 2/3, and/or 3/4.

2023-24 AFTER SCHOOL EDUCATION AND SAFETY (ASES) Program Description and Goal

PROGRAM DESCRIPTION:

The ASES program staff collaborates with the regular school day staff to ensure students are successful by supporting the completion of homework on a daily basis. The program also provides students with academic enrichment, character development, and physical activity. Enrichment activities include Arts Attack, Scholastic Reading, Frog Math, and SPARK PE.

LCAP GOAL 1: Increase the percentage of students who have the skills and knowledge to graduate from high school, college and/or career ready.
Focus Area: After School Education and Safety (ASES) – Academic Enrichment and Support
SCHOOL GOAL: Students in the after school programs, BELIEVES and PAL, will complete 80% of their homework on a daily basis to support understanding of concepts being taught during the regular school day. School day staff will collaborate with after school staff regarding homework expectations.

<p>What data did you use to form this goal? Local assessment data reveals an achievement gap for students who are socio-economically disadvantaged. This data is also supported by teacher observations.</p>	<p>What were the findings from the analysis of this data? Socio-economically disadvantaged students require support in completing their homework to help to improve students' understanding of classroom curriculum, maximizing the achievement.</p>	<p>How will the school evaluate the progress of this goal? Local assessments, staff, parent, and student surveys, as well as attendance logs.</p>
---	---	--

Date	Person(s) Responsible	Task/Date	Funding Source
August – June	ASES staff	1. Support and track homework completion	ASES funds LCAP Supplemental funds
September - May	ASES staff and school day staff	2. Collaborate with school day staff through staff meetings, surveys, email and feedback to ensure academic alignment.	

During the period of COVID-19 pandemic accommodation, the program listed above is functioning in a virtual mode. In all cases, fidelity to the intent of the programs has been maintained.
