

# Lvjusd.org Bookmarks

As a student, your teacher may ask you to go to lvjusd.org bookmarks to get to other programs (like Clever and Schoology). To find them:

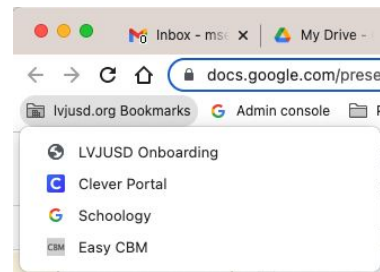

1. Open Chrome browser and make sure you're signed into your lvjusd.org account

2. Look for lvjusd.org bookmarks below upper left corner of Chrome browser window

3. You will definitely see Clever and Schoology, and depending on your school, you might see other resources here (like Easy CBM).

4. If the lvjusd.org bookmarks button doesn't appear, right click on the bookmarks bar and click on the option to turn it back on
