

School Plan for Student Achievement (SPSA)

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

What data did you use to form this goal? Local assessment data reveals an achievement gap for students who are socio-economically disadvantaged. This data is also supported by teacher observations.79

What were the findings from the analysis of this data? Socio-economically disadvantaged students require support in completing their homework to help to improve students’ understanding of classroom curriculum, maximizing the achievement.79

How will the school evaluate the progress of this goal? Local assessments, staff, parent, and student surveys, as well as attendance logs.79

School Vision and Mission

Mission: Each student will graduate with the skills needed to contribute and thrive in a changing world.

Junction Avenue's Vision:

The vision statement of Junction Avenue K-8 School is reflected in PAWS: Partnership, Accountability, Wellness, and Safety.

Partnership

School will facilitate a collaborative culture between staff, students, parents, and community members.

Junction welcomes and encourages outside community group partnerships.

Families will be offered a variety of services to address needs in the areas of counseling, after-school intervention, bilingual and family services, special education services, community wellness, and other academic and mental health support.

Accountability

Students will work to their maximum potential by studying rigorous curriculum through differentiated instruction and critical thinking.

Students will attain knowledge, skills, and strategies necessary to succeed and thrive in a changing world.

Students will be supported by the staff and the leadership team through the implementation of a schoolwide positive behavior intervention system.

School will provide Standards-aligned curriculum and assessments by credentialed staff.

In addition, students in our Dual Immersion program will build the skills necessary to meet the academic standards while simultaneously becoming bilingual and biliterate in Spanish and English.

Wellness

All students are offered nutritious "free and reduced" breakfast and lunch. All students will receive an education regarding positive nutrition choices.

Students are provided with skills that focus on mindfulness, metacognition, social interaction, and other positive behavioral support.

Staff will support and provide interventions based on students' individual needs.

Students will be taught and encouraged to have a growth mindset, where they believe their talents can be developed through hard work, effective strategies, and input from others.

Students will have opportunities for team and intramural sports during lunchtime and after school.

Safety

All students will receive character building education through Positive Behavioral Interventions and Supports.

Staff will provide a safe, supportive, and enriching learning environment made up of a diverse population of global citizens.

Junction will be an equitable, safe, nurturing, supportive, and inclusive school.

School Profile

Junction Avenue is located in north Livermore, quite close to downtown. It is one of the older schools in Livermore, opening in 1951 as Junction Street School. In its history, it has been Junction Street Elementary School, Junction Avenue Middle School, and then, in 2010-2011, Don Gaspar de Portola Elementary School was consolidated with Junction Avenue Middle School to form the new Junction Avenue TK-8 School. The new combined site is home to a Spanish-English Dual Immersion (DI) Pathway program.

Junction Avenue TK-8 School continues to grow in educational programs offered before, during, and after school. The staff embraces, and is committed to continuous learning through collaborative partnerships in a Professional Learning Community that mirrors the educational ideals of Livermore Valley Joint Unified School District.

Currently, Junction Avenue TK-8 School serves approximately 861 students. All of our students receive free breakfast and lunch. Our student population is comprised of 32.9% English Learners, 73.4% Hispanic/Latino, 17.6% White, 2.56% Asian, 2% African American, and 0% American Indian/Native American.

Junction has an active Parent Teacher Association (PTA) that supports educational goals and objectives. Through coordination of the Junction Avenue TK-8 Parent Center, the parent community supports important enrichment programs such as Ballet Folklorico, Bilingual Family Nights, Positive Behavioral Interventions and Supports (PBIS), "Choose Love," Social-Emotional Curriculum, Music, and Fifth Grade Science Camp.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The School Site Council (SSC) and English Language Advisory Committee (ELAC) are school community members who have been intricately involved in the development, review and approval of the School Plan for Student Achievement (SPSA). The SPSA is monitored by review of school, local, and State assessment data that provide insight into the effectiveness of the school plan. The School Site Council must approve the Plan. We have members on our SSC that are also in our ELAC group. They advocate for English Language Learners. In addition, Junction presents its plan to ELAC for feedback and input.

Our administration and the Title One teacher work together to assess the data collection and monitor the achievement of Junction students. The SSC is provided updates during the school year. We hold regularly scheduled meetings where our school community members meet to review data and check the status of our plan where we celebrate our successes and determine where we need to improve. This is usually done through our Instructional Leadership Team and then shared with our School Site Council.

Conclusions based on this data:

1. 3rd, 4th, 5th, and 6th grades had a decrease in the amount of students who did not meet standards than the previous year.
2. 3rd and 5th grades had an increase in the amount of students who met standards than the previous year.
3. 4th, 5th, 6th and 7th grades had an increase in the amount of students who exceeded standards than the previous year.

Conclusions based on this data:

- English Learners who progressed at least one ELPAC level increased from 26% to 37%. This is an 11% increase.
- Out of the 282 students who took the ELPAC (summative) in 2022-2023, 15% of students are at a Level One, 40% of students are at a Level Two, 36% of students are at a Level Three, 10% of students are at a Level Four.
- Out of the 282 students who took the ELPAC (summative) in 2022-2023, kindergarten has the most students at a Level One with 42.11%, 2nd grade has the most students at a Level Two with 51.85%, fifth grade has the most students at a Level Three with 45.45%, and 8th grade has the most students at a Level Four with 20.51%.

1. The California Healthy Kids Survey was not given last school year. In the survey given in the 2021-2022 school year, 61% of 7th grade students feel connected to Junction K-8. We are adding more lunchtime activities to create a sense of community.
2. The California Healthy Kids Survey was not given last school year. In the survey given in the 2021-2022 school year, 58% of 7th grade students report feeling safe on Junction K-8 school's campus. We are holding three assemblies in middle school: 6th grade will have one on regulating emotions, 7th grade will have one on technology and social media and 8th grade will have one on making, maintaining, and mending healthy relationships.
3. The California Healthy Kids Survey was not given last school year. In the survey given in the 2021-2022 school year, 52% of 7th grade students report that they feel like they have caring relationships with adults on campus. Our staff has received training on trauma-informed schools and PBIS techniques, and will apply that knowledge to their classes.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

To increase the percentage of students who have the skills and knowledge to graduate from high school, college, or career ready, Junction has worked to implement several strategies. To provide more support for our students in English Language Arts and Writing, we offered many options to increase literacy. We had three staff members in our Title One Reading Intervention program, offering small-group support in increasing language skills from K-3rd. Furthermore, there are reading interventions groups in 4th and 5th grades. We provided Universal Access time in kindergarten through fifth grades where students are grouped by ability and are provided intervention with various materials. In middle school, there were many alternatives to offer students, for example ELD, Dual immersion and honors core. We have had numerous professional development opportunities in English, writing, and math. In terms of articulating to the high school, we have focused on preparing our middle school dual immersion classes for the challenges of the high school International Baccalaureate program. This preparation included many meetings with the high school and parents and students.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

In elementary school, our ELA CAASPP score decreased from 34% in the 2021-2022 school year to 32% in the 2022-2023 school year. Also, our Math CAASPP score increased from 22% in the 2021-2022 school year to 25% in the 2022-2023 school year. 38% of our English Learners progressed at least one ELPAC level. This was an increase from 28% the year prior. Keep in mind that our 3rd grade reading assessment through EasyCBM overall result decreased from 85% in the 2021-2022 school year to 61.2 % in the 2022-2023 school year. Furthermore, the 1st grade fluency assessment on EasyCBM overall result decreased from 84% in the 2021-2022 school year to 66.7% in the 2022-2023 school year. This dramatic decrease is attributed to our lower grades focusing on developing literacy in the student's native language during Universal Access time. In middle school, our ELA CAASPP score decreased from 46% in the 2021-2022 school year to 43% in the 2022-2023 school year. Also, our Math CAASPP score increased from 23% in the

2021-2022 school year to 20% in the 2022-2023 school year. 24% of our English Learners progressed at least one ELPAC level. This was an increase from 35% the year prior. Our middle school was still developing their essential standards in preparation of intervention.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

There was little change between the proposed expenditures and the actual expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Much of the funding support revolves around our MTSS levels of intervention. If any changes result, they would be written in the SPSA to support that initiative.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

To produce an engaging, clean, healthy, and physically and emotionally safe environment to support learning at the highest levels, Junction has worked on different strategies. We were in our 6th year of implementing PBIS and have been utilizing preemptive strategies to prevent behavior issues. We also utilized alternatives to suspension such as "Wednesday School" to avoid missing classroom time, but offered options in reform and reflection. It has been successful over the years. We have a Child Welfare Attendance Coordinator once a week and an Attendance Secretary that works with families to support issues of truancy. Although attendance has seen a drop since the COVID-19 Pandemic, we increased our daily average attendance rate by 1.21 percentage points.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Although we did see a rise in suspensions, we are still making progress in our goals in providing an engaging, clean, healthy, physically and emotionally safe environment for our students.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We spent less money in after-school behavior interventions as we had less opportunities to offer Wednesday School due to the nature of the suspensions.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In addition to updates to our behavior matrix for safe and appropriate language for school, we are introducing restorative practices in an effort to reduce the behavior incidents on campus.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Junction offers many ways to enhance parent and community engagement and communication. We offer written forms of communication to our school community on our school website, Junction Facebook account, Principal's newsletter, and PTA newsletter. Junction also coordinates parent workshops through the Junction Avenue Parent Center. Parents at Junction can serve on the ELAC, DELAC, PTA, School Site Council (SSC) as well as volunteer at many school events or in the Parent Center. Parents are invited to attend PTA meetings, Dual Immersion parent meetings, Title I parent nights, as well as our bilingual cultural nights.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

We have made many advances over the past few years with our parent communication. Through Blackboard, we not only sent email, but we sent text messages which is a form of communication preferred by our responding parents in a PBIS survey conducted last May.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We did not need translators as we have staffed our office and parent center with all bilingual staff. We were able to offer workshops through grant programs and did not need to pay for them.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There have not been any changes to this goal.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
PBIS Training and Implementation	Junction is in seventh year of our Positive Behavioral Interventions and Supports (PBIS) Cohort: Students at Junction know and can repeat the three schoolwide expectations, all teachers are supporting the program.	100% of staff will teach and support the schoolwide expectations and Coordination of Services Team (COST) Referral process.
Suspension Data	In 2022-2023, 51 students were suspended (one elementary school student and fifty middle school students). This was for a total of one hundred forty seven days.	Decrease overall suspensions in 6th-8th grade by 10% and elementary by 50%, including EL students.
Attendance Records	The data shows that we had a 94% daily average attendance in the 2022-2023 school year.	Maintain at least a 96% or above daily average attendance rate for all K-8 students. Improve the rates of absenteeism, including EL and African American students, by 5%.
Physical Fitness Exam	Based on available data, 236 out of 239 students in 5th and 7th graders participated in the California Physical Fitness Exam. This is a 98.7% participation rate. This is a 1.4% participation rate increase from last year.	Increase the percentage of students participating on the California Physical Fitness Exam to 100%.

Individual teachers can use Blackboard, Classdojo, District email, and/or Schoology to communicate with parents.	100% of teachers surveyed will respond that they use one or more of these approved communication tools.
Attendance sheets at parent functions	It is estimated that 40% of parents attend Dual Immersion Meetings, ELAC, and Title One Nights.	Increase attendance at these activities by 5% using sign-in sheets.

Planned Strategies/Activities

Strategy/Activity 1

Enhance Parent and Community Engagement:

The school will evaluate this goal by receiving consistent feedback from the parent center, PTA, School Site Council and ELAC members and the school community at large.

The school will conduct surveys that solicit parent and community response on all aspects of school communication and engagement with the parent and school community to improve practice.

Continued updates of school website, Facebook, Blackboard and Schoology communications in English and Spanish.

Coordination of parent workshops through the Junction Avenue Parent Center.

School site coordination of parent volunteers.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 4 Parent or Community Members
- 2 Secondary Students

Name of Members	Role
Jeannette Garza	Principal
Veronica Torres	Other School Staff
Brenda Lang	Classroom Teacher
Karina Del Rio	Classroom Teacher
Michele Brecht	Classroom Teacher
Gabriela Sevillano	Parent or Community Member
Kara Blair	Parent or Community Member
Tiana Megofma	Parent or Community Member
	Parent or Community Member
	Classroom Teacher
	Secondary Student
	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

	English Learner Advisory Committee
	Other:

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 11/17/21.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

Appendix G: Title I School-Level Parental Involvement Policy Junction Avenue K-8 School, Livermore, CA

Junction Avenue K-8 School School has developed a written Title I parental involvement policy with input from Title I parents which was developed and revised during School Site Council (SSC) meetings. It has distributed the policy to parents of Title I students by having copies advertised and available in the school office. The policy describes the means for carrying out the following Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].

Involvement of Parents in the Title I Program

Junction Avenue TK-8 School
Parent Involvement Policy 2023-2024

School Site Council meets to involve parents in the Title I program at Junction Avenue K-8 School, the following practices have been established:

Junction Avenue TK-8 School convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program.

Advertised through flyers, phone calls, website

Held every Fall

Refreshments and child care provided

Junction Avenue TK-8 School offers a flexible number of meetings for Title I parents:

Annual meetings are held in the morning and in the evening

Junction Avenue TK-8 School involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.

Monthly School Site Council meetings

The school provides parents of Title I students with timely information about Title I programs:

School Newsletters/Emails

Teacher Newsletter/ Emails

The school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet:

Teacher Informational Meeting When Enrolled

Goal setting conferences

SSC meetings

ELAC meetings

PTA meetings

If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.

If the Schoolwide Plan is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the LEA.

(20 U.S.C. Section 63 C 5)

School-Parent Compact

Distributed to all parents of Title I students. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the student, family and school community will partner to help children achieve the State's high academic standards to contribute and thrive in the 21st Century. It addresses the following legally-required items, as well as other items suggested by School Site Council.

SCHOOL-PARENT COMPACT

Junction Avenue TK-8 School and the parents of the students participating in activities, services, and programs funded by Title I, Part A, of the Elementary and Secondary Education Act (ESEA) (participating children), agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards.

REQUIRED SCHOOL-PARENT COMPACT PROVISIONS

Junction Avenue TK-8 School WILL:

1. Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating children to meet the State's student academic content standards as follows:

Staff will:

Teach classes through interesting and challenging lessons based on the rigorous State standards within a high-quality curriculum that promotes student achievement.

Motivate students to learn and develop a love of learning by maintaining high expectations and support of every child in a supportive and effective learning environment.

Participate in professional development opportunities that improve teaching and learning and support the formation of partnerships with families and the community.

Communicate with parents on an ongoing basis through parent teacher conferences and frequent reports, and annually, during which the compact shall be discussed as the compact relates to the individual child's achievement.

Ensure a regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

Ensure a warm, safe, and caring learning environment.

Hold parent-teacher conferences (at least annually in elementary schools) during which this compact will be discussed as it relates to the individual child's achievement. Specifically, those conferences will be held:

Fall parent-teacher conferences will be held between October 9- 20, for all elementary students.

Spring parent-teacher conferences will be held during the week of March 11 – 15 for elementary students at-risk or upon parent request.

Other opportunities for conferences.

Provide parents with frequent reports on their children's progress. Specifically, the school will provide reports as follows:

Report cards will be mailed/emailed home to parents three times a year.

Middle School Progress reports will be sent mid way through each trimester.

Parents can access Middle School student grades and progress through (PowerTeacher/Schoology)

Provide parents reasonable access to staff. Specifically, staff will be available for consultation with parents as follows:

Parent-Teacher conferences

Teachers are available to parents through email, phone, before and after school hours. Teachers respond to email within 48 hours.

Teacher websites

The administrative staff is available to parents through email, phone 925-606-4720, before, during and after school hours.

Parent Resource Center - Community Liaison via phone or email.

Provide parents opportunities to volunteer and participate in their child's class, and to observe classroom activities, as follows:

During distance and hybrid learning, parents may participate as a classroom virtual parent volunteer.

Parents may virtually attend PTA meetings, the annual Title I meetings, parent education workshops.

Distance learning provides parents the opportunity to observe synchronous lessons daily. When in-class instruction resumes, parents participation and observation is welcome as safely allowed by the Alameda County Health Department and Livermore Valley Joint Unified School District Board of Education.

Ensure regular two-way, meaningful communication between family members and school staff, and, the extent practicable, in a language that family members can understand.

PARENT/FAMILY RESPONSIBILITIES

We, as parents, will support our children's learning in the following ways:

Ensure that my child attends school every day, gets adequate sleep, regular medical attention and proper nutrition.
 Regularly monitoring my child's progress in school and communicating the importance of education and learning to my child.
 Make sure that homework is completed.
 Monitor the amount of time my child spends on electronic devices or watching television.
 Volunteer in my children's classrooms.
 Participate, as appropriate, in decisions relating to my children's education.
 Promote positive use of my child's extracurricular time.
 Stay informed about my child's education and communicating with the school by promptly reading all notices from the school or the school district either received by my child or by mail or electronically, and responding, as appropriate.
 Serve, to the extent possible, on policy advisory groups, such as being the School Site Council, English Learning Advisory Committee, Parent/Teacher Association, or other site and district committees.

STUDENT RESPONSIBILITIES

As a student, I agree to:
 Attend school ready to learn and work hard.
 Participate in my learning by paying attention to lessons and asking questions when I need help.
 Complete all assigned homework including reading time.
 Know and follow school and class rules.
 Communicate regularly with my parents and teachers about school experiences so that they can help me to be successful in school.
 Respect the school, classmates, staff and families.

Building Capacity for Involvement

Junction Avenue TK-8 School engages Title I parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, the school has established the following practices.

The school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children.

- Back to School Night
- Goal setting conferences

The school provides Title I parents with materials and training to help them work with their children to improve their children's achievement.

- Goal-setting conferences
- Parent informational nights

Training for parents to learn how to access online communication such as: school messaging, grade reports, classroom and school websites

With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and how to work with parents as equal partners.

- Junction Avenue School Leadership Team
- Shared professional readings

The school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource center, to encourage and support parents in more fully participating in the education of their children.

- ELAC Committee meetings
- Community Liaison

The school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.

- All school-wide communication is translated into Spanish.

- SchoolMessenger phone calls are made in English and Spanish.
- All meetings are translated into Spanish, as needed.
- Peachjar communications are posted in both English and Spanish.

The school provides support for parental involvement activities requested by Title I parents.

Accessibility

Junction Avenue TK-8 School provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.

- All school-wide communication is translated into Spanish.
- BlackBoard phone calls are made in English and Spanish.
- All meetings are translated into Spanish, as needed
- Peachjar communications are posted in both English and Spanish

2023-24 AFTER SCHOOL EDUCATION AND SAFETY (ASES) Program Description and Goal

PROGRAM DESCRIPTION:

The ASES program staff collaborates with the regular school day staff to ensure students are successful by supporting the completion of homework on a daily basis. The program also provides students with academic enrichment, character development, and physical activity. Enrichment activities include Arts Attack, Scholastic Reading, Frog Math, and SPARK PE.

LCAP GOAL 1: Increase the percentage of students who have the skills and knowledge to graduate from high school, college and/or career ready.
Focus Area: After School Education and Safety (ASES) – Academic Enrichment and Support
SCHOOL GOAL: Students in the after school programs, BELIEVES and PAL, will complete 80% of their homework on a daily basis to support understanding of concepts being taught during the regular school day. School day staff will collaborate with after school staff regarding homework expectations.

<p>What data did you use to form this goal? Local assessment data reveals an achievement gap for students who are socio-economically disadvantaged. This data is also supported by teacher observations.</p>	<p>What were the findings from the analysis of this data? Socio-economically disadvantaged students require support in completing their homework to help to improve students' understanding of classroom curriculum, maximizing the achievement.</p>	<p>How will the school evaluate the progress of this goal? Local assessments, staff, parent, and student surveys, as well as attendance logs.</p>
---	---	--

Date	Person(s) Responsible	Task/Date	Funding Source
August – June	ASES staff	1. Support and track homework completion	ASES funds LCAP Supplemental funds
September - May	ASES staff and school day staff	2. Collaborate with school day staff through staff meetings, surveys, email and feedback to ensure academic alignment.	

During the period of COVID-19 pandemic accommodation, the program listed above is functioning in a virtual mode. In all cases, fidelity to the intent of the programs has been maintained.
